

EARLY
BOOKING DEADLINE
31 OCTOBER

Fertility2011

5-7 JANUARY 2011
The Convention Centre Dublin

DELEGATE INFORMATION

www.fertility2011.org

Fertility 2011 is the 7th biennial conference of the UK Fertility Societies: the Association of Clinical Embryologists, British Fertility Society and the Society for Reproduction & Fertility. As the event is being held in Dublin, we are delighted that the Irish Clinical Embryologists Association (ICE) and the Irish Fertility Society (IFS) are also supporting the event.

The conference offers an exciting, cutting edge programme of renowned scientific international speakers, specialist concurrent sessions, poster presentations and a packed social programme attracting over 400 experts in fertility, assisted conception, sexual health and reproductive biology.

Plenary sessions will address key issues including consequences of current interventions, scientific breakthroughs, controversies in reproduction and an exciting ethics debate.

Individual Society updates will take place on each day where leading authorities will introduce and lead discussions on the latest developments in their fields including Polycystic Ovarian Syndrome, cryopreservation of oocytes, stimulation, infection screening, gametes and maturation, bioimaging, Epigenetics and reproduction, social egg freezing, adoption issues, surrogacy and donor conception, as well as many other topics.

Who will attend?

The event will be of interest to all fertility and reproductive experts including:

- Andrologists
- Clinical Embryologists
- Consultant Embryologists
- Consultants in Reproductive Medicine
- Counsellors
- Gynaecologists
- Reproductive Biologists
- Reproductive Nurses

Why should I attend?

- Learn about essential clinical and skills updates from renowned speakers and cutting edge presentations
- Meet, network and exchange ideas with over 400 fertility and reproductive experts
- Visit the trade exhibition to obtain product samples, watch demonstrations and learn about new products and services
- Take the opportunity to meet with Society staff and committee members
- Fantastic social programme offering excellent networking opportunities
- Low registration fees
- Opportunity to stay in Dublin for the weekend and enjoy the city's many attractions

Poster presentations

The conference will feature a large poster display of over 100 posters. The organisers are inviting submissions of papers from all areas of research and practice.

The categories for submission are:

- | | |
|-------------------------|---|
| 1. Cell Signalling | 16. Pregnancy (including outcomes) |
| 2. Assisted conception | 17. Psychosocial aspects of infertility |
| 3. Clinical andrology | 18. Reproductive endocrinology - female |
| 4. Clinical urology | 19. Reproductive endocrinology - male |
| 5. Contraception | 20. Reproductive surgery |
| 6. Corpus luteum | 21. Sperm |
| 7. Embryology | 22. Testis |
| 8. Fertilization | 23. Uterus |
| 9. Infertility - female | 24. Ovary |
| 10. Infertility - male | 25. Other |
| 11. Nursing | |
| 12. Oocytes | |
| 13. Organelles | |
| 14. Stem cells | |
| 15. Ovarian follicles | |

Abstracts for poster presentation must be submitted via the conference website at **www.fertility2011.org** by **31 October 2010**.

Abstracts for oral presentation should be submitted by **12 September 2010**.

Presenters will be required to register for the conference and pay the applicable registration fee. Posters will need to be on display for the duration of the conference and the presenter will need to man their poster during dedicated poster sessions.

CONFERENCE PROGRAMME

Wednesday 5 January

8.00 Registration, refreshments, exhibition and poster presentations

9.30 PLENARY SESSION – CONSEQUENCES OF CURRENT INTERVENTIONS

9.30 Chair's welcome

Dr Stephen Troup, Chair, Joint Conference Executive Committee Chair, Association of Clinical Embryologists and Scientific Director, Hewitt Centre for Reproductive Medicine, Liverpool

9.40 32 years on, how things have changed!

Peter Brinsden, President, British Fertility Society and Consultant Medical Director, Bourn Hall Clinic

10.10 Are we pushing the boundaries? Implications from Dolly and other clones

Professor Keith Campbell, Professor of Animal Development, University of Nottingham

10.40 Making babies beyond borders: assisted conception in the age of globalisation

Professor Lorraine Culley, Professor of Social Science and Health and Associate Director, Mary Seacole Research Centre, De Montfort University, Leicester

11.10 Exhibition, refreshments and poster presentations

11.50 PLENARY SESSION - ACE/ICE DISTINGUISHED LECTURE

Optimising of IVF lab outcomes

Dr Mike Tucker, Scientific Director, Georgia Reproductive Specialists, USA

12.50 Lunch, exhibition and poster presentations

12.50 BFS General Meeting

2.15 SHORT PAPER SESSION A

A1 The Assisted Conception Laboratory

2.15 Objective selection of embryos for transfer on the basis of real-time polar body analysis of full 23-paired chromosome complement by array CGH

Lucy Jenner, Care Fertility, Nottingham

2.30 Benefit of IMSI in comparison with conventional ICSI – is it real?

Renata Hüttelova, IVF Zentren Prof. Zech – Pilsen, Czech Republic

2.45 Day 5 Embryo morphology as a predictor for selection of blastocysts for cryopreservation

Aekta Davda, Kings College London

3.00 Can leucocytospermia affect fertilisation rates in an IVF cycle?

Vidya Seshadri, St Thomas Hospital, London

3.15 Does assisted hatching improve the clinical outcome in vitrified-warmed embryo cycles?

Suzanne Cawood, The Centre for Reproductive and Genetic Health (CRGH), London

3.30 Weighing up the best method for assessing semen volume

Olga Delikari, Agora Gynaecology and Fertility Centre, Brighton

A2 Oocytes

2.15 Genomic integrity in human oocytes and preimplantation embryos

Dagan Wells, University of Oxford

2.30 Age-related chromosome mis-segregation occurs by a spindle-checkpoint independent mechanism

Sarah Pace, Gateshead Fertility Unit

2.45 Quantification of mitochondrial DNA copy number in ovine oocytes throughout oogenesis

Matthew Cotterill, University of Leeds

3.00 A protection mechanism against metabolic stress? mRNA of four KATP channel subunits is detected in human oocytes

Ellen Drew, ACU Ninewells, Dundee

3.15 Transcriptomic profiling of cumulus cells from normal and aneuploid oocytes: Towards a non-invasive diagnosis of meiotic aneuploidy

Elpida Fragouli, University of Oxford/Reprogenetics UK

3.30 Effects of follicular fluid fatty acid composition and PPAR γ Pro12Ala polymorphism on oocytes and fertilization in IVF

Masoud Darabi, Tabriz University of Medical Sciences, Iran

A3 PCOS

2.15 IVM or IVF for women with polycystic ovaries? A case-control study of 250 treatment cycles

Anne-Sophie Gremeau, Oxford Fertility Unit

2.30 Current use of metformin in the polycystic ovary syndrome in assisted conception—a Europe wide clinical practice survey.

Christopher Brewer, Leeds Teaching Hospitals NHS Trust

2.45 Variation in insulin sensitivity and endocrine profile in anovulatory women with PCOS and comparison with ovulatory women with polycystic ovary morphology and normal ovaries

Ephia Yasmin, Bradford Royal Infirmary

3.00 Proteomic investigation of the endometrium in women with PCOS

Ramesan Navaratnarajah, Institute of Women's Health, UCL, London

3.15 Stability of housekeeping genes in endometrial tissues from healthy women and those with polycystic ovarian syndrome

Khaled Sadek, University of Southampton

A4 Psychosocial issues of assisted conception and assisted reproduction

2.15 Men's views about the value of sperm banking prior to cancer treatment

Allan Pacey, Senior Lecturer in Andrology, University of Sheffield

2.30 Perceptions of future fertility in young people diagnosed with cancer, and those of their professional carers

Valerie Peddie, Clinical Research Midwife, University of Aberdeen

2.45 Fertility Preservation: Are we doing enough for the oncology patients?

Neelam Potdar, University of Leicester

3.00 Anonymity, disclosure, and contact with donors: how experiences of donor-conceived offspring vary by family type

Wendy Kramer, Donor Sibling Registry, United States

3.15 Property and other rights in embryos and gametes: Recent developments in UK and Irish case-law

James Lawford Davies, University of Newcastle

3.30 Health related quality of life survey of Endometriosis patients using EHP-30 questionnaire - A pilot study

Sujata Gupta, St Mary's Hospital, Manchester

A5 The Sperm Factor

2.15 PLC zeta (z): The sperm factor that initiates activation of human eggs

Karen Campbell, IVF Wales

2.30 The identification and functional characterisation of mutant isoforms of the oocyte activation factor phospholipase C zeta (PLC ζ), and their genetic modes of inheritance.

Junaid Kashir, University of Oxford

2.45 Hypersensitivity to Human Semen: A Frequent and Underdiagnosed Condition

Michael Carroll, Regional IVF Unit, St Mary's Hospital, Manchester

3.00 Occupational exposure to cadmium and relation to male infertility.

Iman Ahmed, Ain Shams University, Cairo, Egypt

3.15 Evaluation of Comparative Genomic Hybridization in Semen Analysis: A Pilot Study

Victoria Thomas, Hammersmith Hospital, London

3.45 Exhibition, refreshments and poster presentations

4.30 UPDATE SESSION 1

BFS Update

4.30-6.00 Epidemiology of Polycystic Ovarian Syndrome

Stephen Franks, Professor of Reproductive Endocrinology, Imperial College London

Diagnosis and management

Adam Balen, Professor in Reproductive Medicine, Leeds Teaching Hospitals

Metformin - the end?

Rick Llegro, Obstetrician & Gynecologist, Reproductive Endocrinologist, USA

SRF Update

- 4.30-6.00** **Dynamic imaging of gonadotrophin releasing hormone receptor trafficking and signalling**
Craig McArdle, Professor of Molecular Pharmacology, Laboratory for Integrative, Neuroscience and Endocrinology, University of Bristol
- Reporter mice for the study of intracellular receptors**
Professor Adrianna Maggi, Department of Pharmacological Studies, University of Milan
- Visualizing testis morphogenesis in vivo**
Professor Richard Behringer, Department of Genetics, University of Texas, USA

ACE Update

- 4.30-6.00** **When and how to cryopreserve oocytes? Analysis of oocyte physiology and molecular markers to improve cryopreservation methods**
Roberta Maggiulli, Genera, Valle Giulia Clinic, Rome, Italy
- Role of basic sperm assessments in 21st century**
Dr David Mortimer, President, Oozoa Biomedical Inc and Scientific Director, AART, Canada
- The clinical significance of sperm DNA damage and Aneuploidy**
Professor Sheena Lewis, Professor of Reproductive Medicine, Queen's University Belfast

Nursing Update

- 4.30-6.00** **Agonist or Antagonist?**
Dr Abha Maheshwari, Clinical Senior Lecturer in Reproductive Medicine, University of Aberdeen
- Is there a role for the OCP in treatment of infertility?**
Professor Bill Ledger, Professor of Obstetrics and Gynaecology, University of Sheffield
- The pros and cons of monitoring ovarian response to differing treatment protocols**
Dr Helen Spillane, Merrion Fertility Clinic, Dublin

6.00-7.00 **Attended Poster Presentations and Welcome Reception in exhibition**

8.00 **Guinness Storehouse Tour and Supper**

Thursday 6 January

8.30 **Registration, refreshments, exhibition and poster presentations**

9.15-11.00 PLENARY SESSION – SCIENTIFIC BREAKTHROUGHS

- 9.15** **Chair's welcome**
Dr Stephen Troup, Chair, Joint Conference Executive Committee Chair, Association of Clinical Embryologists and Scientific Director, Hewitt Centre for Reproductive Medicine, Liverpool
- 9.20** **Achieving optimal outcomes from ART: the pivotal role of embryo cryopreservation**
Dr David Edgar, Scientific Director, Reproductive Services, Royal Women's Hospital and Melbourne IVF Senior Fellow, Department of Obstetrics & Gynaecology, University of Melbourne
- 9.50** **Pronuclear transfer in human embryos to prevent transmission of mitochondrial DNA disease**
Dr Mary Herbert, Reader in Reproductive Biology, Newcastle Fertility Centre & Institute of Ageing and Health, Centre for Life, Newcastle University
- 10.20** **Therapeutic potential of Mesenchymal stem cells**
Professor Tim O'Brien, Galway

9.15-11.00 PARALLEL SESSION – ALTERNATIVE PARENTING

- 9.15** **Social egg freezing**
Heidi Birch, Director of Nursing, Midland Fertility Services, Aldridge, Walsall
- 9.45** **Infertility and adoption: some reflections on a personal experience**
Dr Helen Allan, Reader and Director, Centre for Research in Nursing and Midwifery Education, University of Surrey
- 10.15** **Overseas adoption**
Sharon Davidson, Regional Organiser for N. Ireland, INUK
- 10.35** **Surrogacy and donor conception: seeking alternative family structures**
Natalie Gamble, Fertility Lawyer, Gamble & Ghevaert, Poole

11.00 **Exhibition, refreshments and poster presentations**

11.40 PLENARY SESSION - PATRICK STEPTOE LECTURE

Use and abuse of preimplantation genetic testing
Professor Peter Braude, Professor of Gynaecology & Head of Department of Women's Health, King's College & Guy's Hospital, London

12.50 **Lunch, exhibition and poster presentations**

12.50 **ACE AGM**

2.00 SHORT PAPER SESSION B

- B1** **Follicles**
- 2.00** **Dysfunctional ovarian follicle development and neuroendocrine regulation of ovulation in mice lacking functional androgen receptor**
Kirsty Walters, ANZAC Research Institute, Australia
- 2.15** **Carbohydrate metabolism of ovine follicles and oocytes throughout folliculogenesis**
Esther Collado, Leeds Institute of Genetics Health and Therapeutics, University of Leeds
- 2.30** **The structure and function of the follicular basal lamina is modified by oocytes lacking core 1 O-glycans in mice**
Suzannah Williams, University of Oxford
- 2.45** **A mouse model of premature ovarian failure exhibits defective follicle development, ovulation and post-blastocyst embryonic development**
Patricia Grasa, University of Oxford
- 3.00** **Differential expression of DAZL and BOULE in human fetal germ cells may indicate distinct RNA targets and roles in meiosis**
Andrew Childs, The Queen's Medical Research Institute, Edinburgh

B2 E-Set and Virology

- 2.00** Impact of an elective single embryo transfer (eSET) programme on pregnancy rates following In Vitro fertilisation (IVF) or Intracytoplasmic sperm injection (ICSI).
Sarah Gotts, Centre for Reproductive and Genetic Health, Eastman Dental Hospital, London
- 2.15** Introducing elective Single Embryo Transfer (eSET): Successful blastocyst culture results in high live birth rates
Tim Dineen, Cork Fertility Centre, Ireland
- 2.30** Blastocyst transfer increases the incidence of monozygotic twins: a problem for eSET?
Stacy Wheat, The Bridge Fertility Centre, London
- 2.45** Viral screening before each licensed treatment cycle is expensive and unnecessary: a survey of results from an inner city UK clinic
Litha Pepas, Guys and St Thomas' NHS Trust, London
- 3.00** Blood-borne viruses: an audit of treating viral-positive patients and perceived risks in UK fertility clinics
Bryan Woodward, The Agora Gynaecology and Fertility Centre, Brighton
- 3.15** Two cases of HIV sero-conversion of sperm donors during the donation period: critical value of screening quarantined sperm
Venessa Smith, London Womens Clinic

B3 IVF

- 2.00** Assessment of effect of androgen supplementation or modulation on ovarian stimulation outcome in poor responders undergoing IVF treatment: A systematic review and meta-Analysis
Jyotsna Pundir, Guys and St Thomas' NHS Trust, London
- 2.15** Introduction of AMH-tailored fertility treatment in the IVF clinic: Improvements in outcomes and reductions in adverse events after one year
Oybek Rustamov, St Mary's Hospital, Manchester
- 2.30** Embryo Cryopreservation and Surrogacy Outcomes in Rokitansky Syndrome
Anna Carby, IVF Hammersmith, London
- 2.45** Egg-sharing as a fertility treatment for lesbians - and as a solution to Britain's donor egg crisis
Kamal Ahuja, London Women's Clinic
- 3.00** Outcomes of over 200 cycles of 'transport' PGD
Souraya Jaroudi, Reprognetics, Oxford
- 3.15** Clinical value of ovarian reserve tests (ORTs) in women with no clinical history predictive of risk of hyper or hypo response to COH
Karolina Palinska-Rudzka, Midland Fertility Services, Walsall

B4 Implantation issues

- 2.00** Pregnancy-specific glycoproteins (PSG) are anti-thrombotic disintegrins.
Tom Moore, University College Cork, Ireland
- 2.15** Recurrent embryo implantation failure after IVF: Improved outcome following Intralipid Infusion in women with elevated T Helper 1 [TH1] response
George Ndukwe, CARE Fertility, Nottingham
- 2.30** The Effect of natural killer cells on the outcome of IVF treatment: a systematic review and Meta-analysis
Vidya Seshadri, St Thomas' Hospital, London
- 2.45** Women with recurrent unexplained miscarriage have increased numbers of circulating Natural Killer cells in the mid-luteal phase of the menstrual cycle
Ingrid Granne, University of Oxford
- 3.00** Assisted Hatching: does it improve the outcome of IVF/ICSI treatment in selected group of patients?
Adrija Kumar Datta, Midland Fertility Services, Walsall

B5 Pre-implantation Genetic Diagnosis

- 2.00** High implantation, pregnancy and birth rates after comprehensive chromosomal screening of blastocysts
Dagan Wells, University of Oxford
- 2.15** Global DNA Methylation Profiling of Single Human Blastocysts on CpG Island Arrays
John Huntriss, University of Leeds
- 2.30** Preimplantation genetic screening of eggs with CGH-microarray: clinical experience with the first 37 cases
Stuart Lavery, IVF Hammersmith, London
- 2.45** Development of a novel method for hla-matching preimplantation embryos
Gustavo German, University of Oxford
- 3.00** Comprehensive characterization of chromosome abnormalities in human blastocysts
Samer Alfarawati, University of Oxford
- 3.15** Assessment of polar body chromosome complement by array CGH during clinical IVF cycles
Colleen Lynch, CARE Fertility, Nottingham
- 3.30** Exhibition, refreshments and attended poster presentations

4.15 UPDATE SESSION 2**BFS Update**

- 4.15-5.45** Algorithms for ovulation induction
Adam Balen, Professor in Reproductive Medicine, Leeds Teaching Hospitals
- Conventional stimulation for assisted conception**
Nick Macklon, Professor of Obstetrics & Gynaecology, University of Southampton
- Individualised controlled ovarian stimulation for assisted conception**
Luciano Nardo, Consultant in Reproductive Medicine, St Mary's Hospital, Central Manchester University Hospitals NHS Foundation Trust

SRF Update

- 4.15-5.45** Calcium signalling in human sperm
Dr Stephen Publicover, School of Biosciences, University of Birmingham
- Organizing the cytoplasm for optimal oocyte maturation**
Professor John Carroll, Professor of Reproductive Physiology, Division of Biosciences, University College London
- A live cell imaging view of gamete transport, fertilization, and embryonic development in the oviduct of the cow**
Professor Sabine Kolle, Institute of Veterinary Anatomy, Histology and Embryology, Veterinary University of Vienna, Austria

ACE Update

- 4.15-5.45** Infection screening in ART – the facts
Dr Mark Atkins, Consultant Virologist, Imperial College Healthcare NHS Trust
- Implications of screening for fertility clinics in Europe**
Dr Tim Dineen, Cork Fertility Centre, Cork
- Treating viral positive patients**
Dr Paula Almeida, Consultant Embryologist, Chelsea & Westminster ACU

Nursing Update

- 4.15-5.45** Fit for fertility
Dr Michael Dooley, Consultant Gynaecologist, Dorchester
- Optimising fertility - from school to the IVF Clinic**
Dr Mary Wingfield, Merrion Fertility Clinic, Dublin
- Donation Review Consultation**
Hannah Darby, HFEA Policy Manager & Danielle Hamm, HFEA Policy Manager

- 7.30** Gala Conference Dinner, the CCD

Friday 7 January

9.00 Registration, exhibition, refreshments and poster presentations

9.20 PLENARY SESSION – CONTROVERSIES

9.20 Chair's welcome

Dr Stephen Troup, Chair, Joint Conference Executive Committee Chair, Association of Clinical Embryologists and Scientific Director, Hewitt Centre for Reproductive Medicine, Liverpool

9.25 Better quality of care from better regulation: the HFEA in 2011

Alan Doran, Chief Executive, HFEA

9.55 Male obesity and consequences for reproductive health

Jens Peter Bonde, Professor of Occupational Medicine, Bispebjerg Hospital University of Copenhagen

10.25 Implantation failure

Professor Siobhan Quenby, Professor of Obstetrics, Warwick

10.55 Markets, money and multiple births

Dr Georgina Chambers, Australian Research Council (ARC) Research Fellow, Perinatal and Reproductive Epidemiological Research Unit, University of New South Wales, Australia

11.25 Exhibition, refreshments and poster presentations

12.05 PLENARY SESSION - ANNE MCLAREN LECTURE

Quality of Oocytes

Dr Roger Gosden, Professor of Reproductive Medicine, Institute for Reproductive Medicine, Director of Research in Reproductive Biology at CRMI, and Professor of Reproductive Medicine in Obstetrics and Gynecology, Weill Medical College of Cornell University, Virginia, USA

13.05 Lunch, exhibition and poster presentations (final session)

2.15 UPDATE SESSION 2

Ethics Debate

2.15-3.45 Who is fit to be a parent?

Chair: Dr Gillian Lockwood, Medical Director, Midlands Fertility Services, Aldridge, Walsall

Panel members:

- *Dr Deirdre Madden, Faculty of Law, University College Cork, Ireland*
- *Hugh Whittle, Nuffield Council*
- *Dr Abha Maheshwari, Lecturer, University of Aberdeen*

SRF Update

2.15-3.45 Epigenetics in spermatogenesis

Professor Jaquetta Trasler, Department of Paediatrics, McGill University, Montreal Children's Hospital, Canada

Methylomes and transcriptomes in mouse germ cells

Tomo Kono, Department of BioScience, Tokyo University of Agriculture

Assisted reproductive therapies and imprinting disorders: an update

Dr Alistair Sutcliffe, Senior Lecturer in Child Health, Institute of Child Health, University College London

3.45 Closing remarks and announcement of 2013 conference

4.00 Close of conference

Personal details

Title _____ First Name _____

Surname _____

Position _____

Terms and conditions

1. The organiser of the 7th Joint Biennial Fertility Conference on 5-7 January 2011 is Profile Productions Ltd, Northumberland House, Popes Lane, London W5 4NG.
2. Registrations can only be accepted on receipt of a completed registration form. Completion of this registration form constitutes a legally binding agreement and you must sign, agreeing to the terms and conditions, in order for your booking to be processed.
3. Your place is not guaranteed until you have received confirmation from Profile Productions Ltd.
4. Confirmation will be sent to you within 14 working days of receiving your booking.
5. Profile Productions Ltd. cannot be held responsible should your registration form not be received.
6. If you have not heard from us 14 working days after sending your completed form, or 14 working days before the start date of the conference, it is your responsibility to contact us to ensure your place is booked.
7. All invoices should be paid within 21 days of the invoice date and **MUST** be paid prior to the conference. Failure to do so may result in your place being cancelled.
8. Any delegates registering within 28 days of the start of the conference **MUST** include valid credit card details on the registration form.
9. The delegate is responsible for ensuring payment to Profile Productions Ltd. has been made. Any delegates arriving at the conference without payment having been made will be asked to provide credit card details as a guarantee of payment; refusal to do this may result in entry to the conference not being permitted.
10. Registration fees include VAT @ 21%, complimentary refreshments, lunch and conference materials.
11. Cancellations will only be accepted in writing. Cancellations received on or prior to 1 December 2010 will be refunded subject to a £45 administration fee. Cancellations received after 1 December 2010 will not be refunded. However, substitute delegates will be accepted at any time.
12. Any delegate registered to attend who, for whatever reason, may not be able to attend the conference, is still liable for payment as per the cancellation policy in item 11.

I confirm I have read and agree to the above terms and conditions.

Social events

Tuesday 4 January

Five-a-side football tournament, 3.00pm

A five-a-side football tournament will take place on Tuesday afternoon which will be followed by dinner at a nearby Indian restaurant. Coaches will transport delegates from the CCD to the football. Attendance is free of charge but spaces are limited so early booking is advised.

Wednesday 5 January

Exhibitor wine reception and attended poster session, 6.00pm

A welcome reception will take place in the exhibition on Wednesday evening and will be an opportunity for delegates to enjoy a glass of wine and meet and network with exhibitors.

This will also be an excellent opportunity to view poster presentations and meet the authors.

Guinness Storehouse Tour and Supper, 8.00pm

Dublin's premier attraction, the Guinness Storehouse opens its doors to delegates at 8.00pm, where you can experience a short tour of the venue including the fantastic Gravity Bar with 360 degree views of the city.

Delegates will of course get to sample Ireland's favourite nectar, and also have the opportunity to learn how to pour the perfect pint! A buffet dinner will be provided.

Thursday 6 January

Conference dinner, 7.30pm

The conference dinner will take place at The CCD. The event will incorporate a drinks reception, three course dinner with wine, music and dancing and a distinguished after dinner speaker.

Getting to Dublin

Ireland's capital is well-served by road and rail networks and has both a major international airport and ferry port within easy reach of the city centre.

BY AIR

Dublin Airport is Ireland's busiest airport, with over 75 airlines flying to over 200 destinations, including direct scheduled daily flights from North America, mainland Europe, Britain and weekly flights from the Emirates.

The airport is conveniently located 10km north of Dublin city centre, with excellent roads links to The Convention Centre Dublin, only 20 minutes away via the Port Tunnel, which brings visitors directly into the Spencer Dock development area.

For further information please visit www.dublinairport.com

BY ROAD

The Convention Centre Dublin is located in the heart of the city, with easy road access and extensive public transport links including bus and tram (Luas) lines.

BY RAIL

Spencer Dock has a new railway station and an underground link is also planned to Heuston Station, the centre for rail travel to the rest of Ireland.

BY SEA

Frequent ferry services operate to Dublin from various points in Britain and Europe, with Dublin Port Ferry Terminal only five minutes from The Convention Centre Dublin by direct road link, facilitating the swift delivery of goods.

The exhibition

The exhibition will be an integral part of the event, providing delegates with the opportunity to explore and compare a vast array of products, services and suppliers.

Exhibition stands will be located in the Liffey Suite which links directly to the main conference hall and other conference rooms where plenary and concurrent sessions will take place.

For full information on exhibiting please call us 020 8832 7311 or email Jessica.smith@profileproductions.co.uk

The venue

The CCD is Dublin's brand new, world class conference and exhibition centre, offering state of the art facilities and leading-edge technology in a prime location in Dublin City Centre. We are delighted to be using the venue for the 7th Joint Biennial Conference.

For further details please visit www.theccd.ie

Accommodation

Dublin offers a wide range of accommodation from luxurious five star hotels to cosy guest houses. A number of hotels are situated within a few minutes walk from the CCD.

The four star Maldron Hotel, located opposite the CCD, is the dedicated headquarters hotel for the conference. Rooms are available to book when you book your conference ticket. The rate is €85 per night bed and breakfast single occupancy.

A number of alternative hotels are available to book separately via our approved accommodation agency, Reservation Highway. You can download the booking form from www.fertility2011.org or you can book online at www.reservation-highway.co.uk using the access code "fer11".
